Suggestions for a Curator's Machine: A Collaborative Approach to Use Artificial Intelligence in Art Museums

ISHTIAQUE AHMED LEVIN (Jawaharlal Nehru University)

Covid-19 Pandemic and the Postdigital Infrastructures of Recovery in South Asia

12:00 – 13:30 Lunch Break

13:30 – 16:00 Paper Session III: Infrastructuring (digital) spaces

Chair: Nikolaus Pöchhacker (University of Graz)

FRAN MEISSNER, FENNA HOEFSLOT, ANA BUSTAMANTE, JAVIER MARTINEZ, KARIN PFEFFER (University of Twente)

Urban digital infrastucturing and the (re)production of privilege

JAMES BESSE (University of Edinburgh)

Proto-Infrastructures and Political Expectations: Beyond the Control Hypothesis in British Migration Management

PAUL TRAUTTMANSDORFF (University of Vienna)

Making biometric infrastructures interoperable. A necessary political fiction?

POUYA SEPEHR (University of Vienna)

Coded jaywalkers and the performativity of smart traffic lights

16:00 – 16:30 Coffee Break

16:30 – 18:00 Keynote

Chair: Petra Schaper-Rinkel (University of Graz)

NINA KLIMBURG-WITJES (University of Vienna),

Sensing In/Security: Sensors as transnational security infrastructures

18:30 Reception

WEDNESDAY 15 SEPTEMBER

9:30 – 12:00 Paper Session IV: Infrastructuring digital (health) care

Chair: Doris Allhutter (ITA/University of Toronto)

BARBARA GRIMPE (University of Klagenfurt)

Reflexive infrastructuring of care: immaterial, linguistic work in a technology development project

KLAUS SCHEUERMANN, KEVIN HALL, SVEN OPITZ (Philipps Universität Marburg)

Infrastructuring pandemic citizenship: Contact tracing apps as ethopolitical Technologies

MAJA URBANCZYK (NTNU)

Un-inviting expertise through ignorance

ULRIKE FELT, SUSANNE ÖCHSNER, ROBIN RAE (University of Vienna)

Storing, sharing, providing. Users' visions of lives with/in/of digital health data infrastructures

12:00 – 12:30 Wrap-up & Closing

Organizing committee
